

MUHAMMAD MATEEN AHSAN

IT Professional | Web Development | Ecommerce & Digital Marketing

+92 314 970 5607 | devolper.expert@gmail.com | Islamabad, Pakistan (Open to Relocation)

PROFESSIONAL SUMMARY

I have hands-on experience in website development, development environments, and ecommerce platforms, along with basic knowledge of digital marketing and paid advertising.

I have worked on email and SMS marketing campaigns using Brevo, including audience management and campaign execution. I also understand ecommerce workflows, SEO basics, and online business operations.

I am a motivated learner who enjoys solving technical problems and is eager to grow professionally in the IT field while contributing to real-world projects.

Work Experience

Email & SMS Marketing Executive (Brevo)

Remote | 6 Months Experience

- Managed and executed email & SMS marketing campaigns using Brevo, including campaign setup, scheduling, audience management, and promotional messaging.
- Worked remotely on customer communication, contact list management, campaign monitoring, and marketing workflow optimization to improve engagement.

PROJECTS

► Kitaab Faroosh – Educational Marketplace Platform

Developed a student-focused online marketplace for buying and selling educational materials with structured categories, user-friendly navigation, and practical marketplace UI/UX design.

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MySQL

► NH Network Platform – Investment & Learning Website

Built an investment awareness and online earning platform with organized learning sections, guidance pages, and engagement-focused website layouts.

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MySQL

► Dropify – B2B Dropshipping & Wholesale Platform

Designed a B2B ecommerce platform connecting dropshippers and wholesalers, including product trading features and an investment support system for new sellers.

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MySQL

► Custom Ecommerce Store Management System

Developed a complete ecommerce management platform with admin-controlled product management, order tracking, inventory handling, and customer management features without relying on platforms like Shopify.

Tech Stack: HTML, CSS, JavaScript, PHP, MySQL

► Anjileen Handcraft & Foods – WordPress Ecommerce Website

Worked on a WordPress and WooCommerce-based ecommerce website for handmade crochet items and organic food products. Managed product uploads, website pages, store layout, and overall website customization to create a simple and user-friendly shopping experience.

Website: anjileenhandcraftandfoods.com

► Mines & Minerals World – WordPress Business Website

Worked on a WordPress-based business website for a minerals and gemstones company. Managed website pages, content organization, layout customization, and overall website structure to maintain a professional online presence.

Website: minesandmineralsworld.com
